## 北京低碳雕塑园分会场

北京低碳雕塑园坐落于北京市昌平区马池口镇奋蚕屯北京宝贵石艺科技有限公司的工业园区内，占地20亩。园内雕塑出自十二位国内雕塑家，他们历时几个月时间，经过征集、研讨、放大、制作了二十四件低碳雕塑。雕塑园突出低碳，突出文创，突出农民参与的诸多价值，探索新城镇建设的一种新思路。

9月21日，北京低碳雕塑园将举办以“低碳北京”为主题的论坛活动，该活动由北京市建筑装饰协会主办，旨在贯彻落实十九大生态文明战略方针，讨论低碳对于当下建筑的影响，讨论如何把建筑垃圾变成文化创意产业的产品，如何经过创新促进废旧材料资源化，经过创意使废弃材料高端化，以及如何将这种新模式在各地进行推广。

## Beijing Low-Carbon Sculpture Garden

Beijing Low-Carbon Sculpture Garden is located in the industrial park of Beijing Baogui Artificial Stone Art and Technology Co., Ltd., Habatun, Machikou Town, Changping District, Beijing, covering an area of 20 Mu. The sculptures in the garden are from twelve domestic sculptors who have collected, studied, enlarged and produced twenty-four low-carbon sculptures over a period of several months. Beijing Low-Carbon Sculpture Garden highlights low carbon, highlights cultural innovation, highlights the value of farmers' participation, and explores new ideas for new town construction.

On September 21<sup>st</sup>, Beijing Low-Carbon Sculpture Garden will hold a forum on the theme of "Low-Carbon in Beijing". Organized by the Beijing Construction Decoration Association, the forum aims to implement the 19th CPC National Congress's ecological civilization strategy, discuss the impact of low carbon on current buildings, discuss how to turn construction waste into the products of cultural and creative industries, discuss how to promote the recycling of waste materials through innovation, discuss how to make waste materials be high-end through creativity, and discuss how to promote this new model throughout China.
